**Start Point:**
Beesley Green Community Centre

**Type of route:**
Mainly woodland paths

**Distance:**
2.11 miles (3,395 metres)

**Health Walk pace:**
42 minutes
On Route

1. Go straight out of Beesley Green Community Centre and head towards the green sign, near the entrance to the woods.

2. Follow the path into the woods, and go through the metal gate.

3. Continue along the path until you reach a foot bridge on your right, over the stream.

4. Walk over this bridge up the hill, passing the wild flower sculptures on your right.

5. Follow this undulating path to the end, where it comes to some steps going down to stepping stones and the motorway in front of you.

6. Turn right along the path, with the motorway now on your left.

7. Continue to join Aviary Road, and St Marks school on your left.

8. Go straight on, then immediate left onto the public footpath.

9. Walk along the path until you join a lane; turn left along the lane, go under the motorway.

10. At the end of the lane, just before the big house and gates, turn left on the foot path, back towards the woods.

11. Follow the path; it goes down hill in sections, to a small lake/stream and bridge.

12. Cross the bridge and turn left.

13. Go under the motorway bridge and then take a left again, (you will see the stepping stones). Follow this path all the way back to Beesley Green Community Centre.

*This walk is suitable for buggies although some of the paths are uneven.

**There are several benches along the way.
